CLASS CONCEPTS (cont'd)

This class is distinguished from lower level investigators by the level of management responsibility for a staff of supervisors and investigators and program personnel in a regional or district office. Incumbents provide training to lower level investigators, conduct strategic planning of day-to-day operations, prepare performance reviews, supervise and coordinate the investigation process and make final recommendations regarding investigative reports and determinations.

AG Criminal Investigator, Supervisor: Under general direction, incumbents are responsible for the activities of a team of investigators in either General Investigations, Medicaid Fraud Control Unit, Workers' Compensation Fraud Unit, Insurance Fraud Unit, Tobacco Enforcement, Elder Abuse/Neglect and Exploitation Unit, High Tech Crimes, Missing Children and Bureau of Consumer Protection within the Division and/or a geographical area of the State. Incumbents are expected to perform the full range of duties as described in the series concept; however, the primary responsibility is the implementation and ongoing review of investigations to assist in the program's enhancement and development. Positions allocated to this class serve as a first-line supervisor, and incumbents train, supervise and evaluate the performance of subordinate investigators. They also independently conduct or monitor specialized investigative functions dealing with the most difficult assignments involving cases of a high profile or sensitive nature or multiple program or criminal violations.

AG Criminal Investigator II: Under general supervision, incumbents perform the full range of duties described in the series concept in an investigative unit at the journey level. Incumbents conduct complex or difficult investigative assignments that may involve multiple criminal violations and or suspects. Some positions may be assigned certified peace officer training responsibilities which include Flying Armed, Use of Force, Building Entry, Search & Seizure, Preservation of Evidence, and ASP Baton. Duties are distinguished from the AG Investigator I class by greater complexity and independence in performing job assignments at the full journey level.

AG Criminal Investigator I: Under close supervision, incumbents perform the duties described in the series concept in a training capacity. Work is assigned through instructions and reviewed for accuracy. Progression to the next level may occur upon completion of required training, meeting the minimum qualifications, satisfactory performance and with the recommendation of the appointing authority.
